## You Must Divide Your Time Between Torrance, Redondo At Beach Club

By MARY MARGARET BLACKFORD  
 When announcement was made that the Hollywood Riviera Beach club would have its formal opening May 15, there was considerable discussion about the location of the club. There were some who said California's most beautiful beach resort was located on Redondo Beach. Others said it was on Torrance Beach. Some said it was in Palos Verdes Estates or Hollywood Riviera. For the sake of accuracy as well as to uphold the dignity of Torrance folks, we have gotten to the bottom of things and here are the results:

The dividing line between Redondo Beach and Torrance City beach cuts the Riviera Beach club right in two. On the Redondo side are the ballroom, the front entrance, the glassed-in promenade and the dining salon. On the Torrance side are the spacious kitchen, most of the beautifully landscaped patio, the cocktail lounge, the fresh water swimming pool, the lockers and dressing rooms. The 1500-foot beach front is about equally divided.

Now the question arises: Which is the most important part of the club?

A poll recently taken indicates there is no "one important spot" in the club. Members dancing in the ballroom one Saturday night recently said they were having more fun in Redondo. Those sipping refreshments in the cocktail lounge were sure that Torrance had the most to offer in the way of entertainment. William Brown, the club's chef who has made a remarkable reputation in recent years for his fine cuisine in top-name spots around Hollywood, definitely said the kitchen, which is in Torrance, was the most important part of the club.

One member was quite disturbed when he was told he would have to park his car in Torrance, go to Redondo to enter the club, go back to Torrance to have a drink in the bar, to Redondo to check his hat, that his dinner would have

## Dedication Of Church Of Christ Slated Sunday

Members of the congregation and friends on Sunday, May 11, will participate in dedication of the new edifice of the Church of Christ in Torrance.

The regular minister, R. C. Cannon, stated that "the building will be dedicated to the 'Way of Truth and Righteousness as Revealed Through Jesus Christ.'" "This church," continued Cannon, "is here to serve the community, to promote Christian unity, and to assist in building a community with still greater Christian ideals." The public is welcome. The new location is 1217 Cravens avenue, just off Torrance boulevard.

The church school will begin, as usual, at 9:45 a.m. and the regular hour of worship at 10:45. The theme of the minister's message at the worship hour will be "There's No Place Like Home." The special dedicatory service will be conducted beginning at three o'clock in the afternoon. The featured speaker will be Dr. W. B. West Jr., head of the Department of Religion, George Pepperdine college, and regular minister at York Blvd. Church of Christ, Los Angeles. A special choral group from Long Beach will also take part in the program.

The day will be concluded by
